Bullet Resistant Doors and Frames

When security and safety are of utmost importance, or required by the Department of Homeland Security and DOD/AFTP regulations, Security Metal Products Corp. offers a full line of bullet resistant metal doors and frames. Bullet resistant doors and frames are fabricated with the finest UL listed armor panels that meet or exceed the UL 752 Standard for Bullet Resistant Materials. All doors and frames are designed to provide the best practical protection for the specified threat level. A variety of sizes and configurations are available. Please contact us with your specific requirements. If you can conceive it, we can build it!

Ratings of Bullet-Resistant Materials Underwriters Laboratories, Inc.®

Note: Maximum velocity is 110% of minimum velocity

Rating	Ammunition	Grain	(g)	Velocity Minimum(fps)	Velocity Minimum(mps)	No. of shots
