

Blast Resistant Opening Solutions

Security Metal Products offers Blast Resistant Opening Solutions to meet US Government, Military, Embassy safety and security objectives for blast resistance. Providing extra protection against explosions and excessive force, our blast resistant openings meet or exceed the stringent manufacturing and performance requirements of the Department of Defense, Department of State, Department of Homeland Security and other regulatory groups.

3rd Party Tested Blast Assemblies

- 4 psi peak pressure, 28 psi-msec impulse load
- 6 psi peak pressure, 42 psi-msec impulse load
- 12 psi peak pressure, 89 psi-msec impulse load
- Call for over 12 psi options

Security Metal Products is able to provide Blast Resistant doors and frames with a number of options including glazed doors.

Blast Test Standards, Criteria

- ASTM F1642 & ASTM F2927
- UFC 4-010-01 9 Feb 2012
- GSA TS-01 Level C&D
